

COVID – 19 PANDEMIC

As the COVID-19 pandemic has rapidly unfolded, we all have concerns for our well being and that of others. The seriousness of the Corona virus has caused changes and will continue to require changes to our dance schedules.

This past week a number of leaders from our local clubs have kept in contact with one another discussing dances, lessons, callers/cuers, dancers, and more. They have given a lot of time and thought into making decisions to cancel. Other clubs have probably gone through many of the same discussions to make decisions for their club.

All clubs should keep up to date on the CDC's and local government's recommendations.

The main avenues to communicate with other clubs and dancers are:

- MCASD website, squaredancechicago.com
- Email specific clubs/leaders or call
- Facebook

***Please be sure your club updates the MCASD site (it only takes minutes). That way there is a consistent place to look for information.**

You can also update your changes on FB as many rely on it for their news.

MCASD stands with you in your club's safety decision. Be careful and stay safe. We all hope to be dancing when it is safe.

MCASD Executive Officers

President, Frankie Terry

VP, Robert Bradley

Secretaries, Darlene Kulpa and Marilyn Heinemann

Treasurer, Larry Campbell
